

AMERICAN ARCHIVES MONTH OCTOBER 2007

October is American Archives Month. Monsanto maintains its corporate business archives at Washington University on their west campus located in Clayton. We continue to grow our archives with the following items; memorabilia, photos, videos, correspondence, official public press releases, annual reports, artifacts, Queeny family material, company promotional films, and ads from TV campaigns. We are especially interested in obtaining a copy of the 1998 and 1999 Annual Report for the archives. We welcome all additions and look forward to hearing from any Monsanto employee who would like to donate their materials to the corporate archives. Ag history is especially appreciated. Contact Charlotte Kuhn at 694-4408 for donations or questions.
