Digital Image Requests

The National Museum of the American Indian, Smithsonian Institution, offers scholars, researchers, and the general public the opportunity to purchase high-resolution digital images of materials in the museum's object, photograph, and manuscript collections. **Requests must be secured in writing from the museum for any kind of publication or distribution of NMAI-owned or -produced images. Exceptions are described below under "Allowable Uses."**

Copyright Information

The National Museum of the American Indian, Smithsonian Institution, is the owner of the images it offers for purchase. In many instances, the museum only owns the digital image itself, and does not necessarily own copyright in the underlying object or work of art itself, which may be owned by an artist, artist's estate, or other person or entity. The museum endeavors to provide information that it possesses about the copyright status for such works; however, the museum offers no guarantee that all pertinent information is provided or that the information is correct in each circumstance.

Therefore, it is the sole responsibility of the person seeking permission from the museum to determine whether any additional permission, such as copyright clearance, is necessary and, if so, for obtaining the required permission and related written documentation. The museum is not responsible for any costs, claims, liabilities, or damages incurred as a result of any violation of copyright, trademark, privacy, or publicity rights, or other claims arising from use of its images.

Allowable Uses

The National Museum of the American Indian (NMAI) invites users to download, print, photocopy, and distribute the images on its website for personal or classroom use, without prior written permission, provided that the files are not changed, the Smithsonian Institution copyright notice (where applicable) is included, and the source of the image is identified as the National Museum of the American Indian. (See the museum's [preferred citation format](#) below.) All other uses, except those that may be permitted by law, shall require prior written permission from the NMAI Archive Center. For further information about allowable uses of Smithsonian/museum content, please see the [Smithsonian Institution Terms of Use](#).

Placing an Image Request

To place an image request, complete and sign a [Digital Image Request](#) and return the form to nmaiphotos@si.edu.

include details about intended use of the images and provide image catalog numbers, when possible. Image fees are determined by specific use cases, as specified below.

Image Fees

Image fees support the continued digitization of the NMAI's collections. All fees are per high resolution, publication-quality digital image file. Payments are non-refundable.

Students & Smithsonian Fellows
Five single digitized images free per year for academic research and non-published papers, including graduate thesis or dissertation. Valid credentials and details of paper, or project, must be provided. We reserve the right to review all requests of this nature to determine whether or not they fit the criteria.

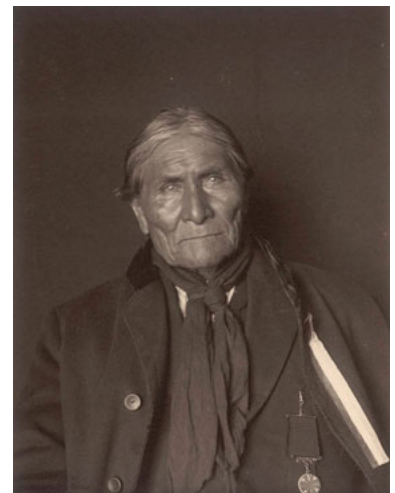

Personal, Research & Classroom Use
\$25 per image. Not for reproduction or duplication of any kind.
