

Where in the World is Ralph R. Doubleday?

Samantha Schafer

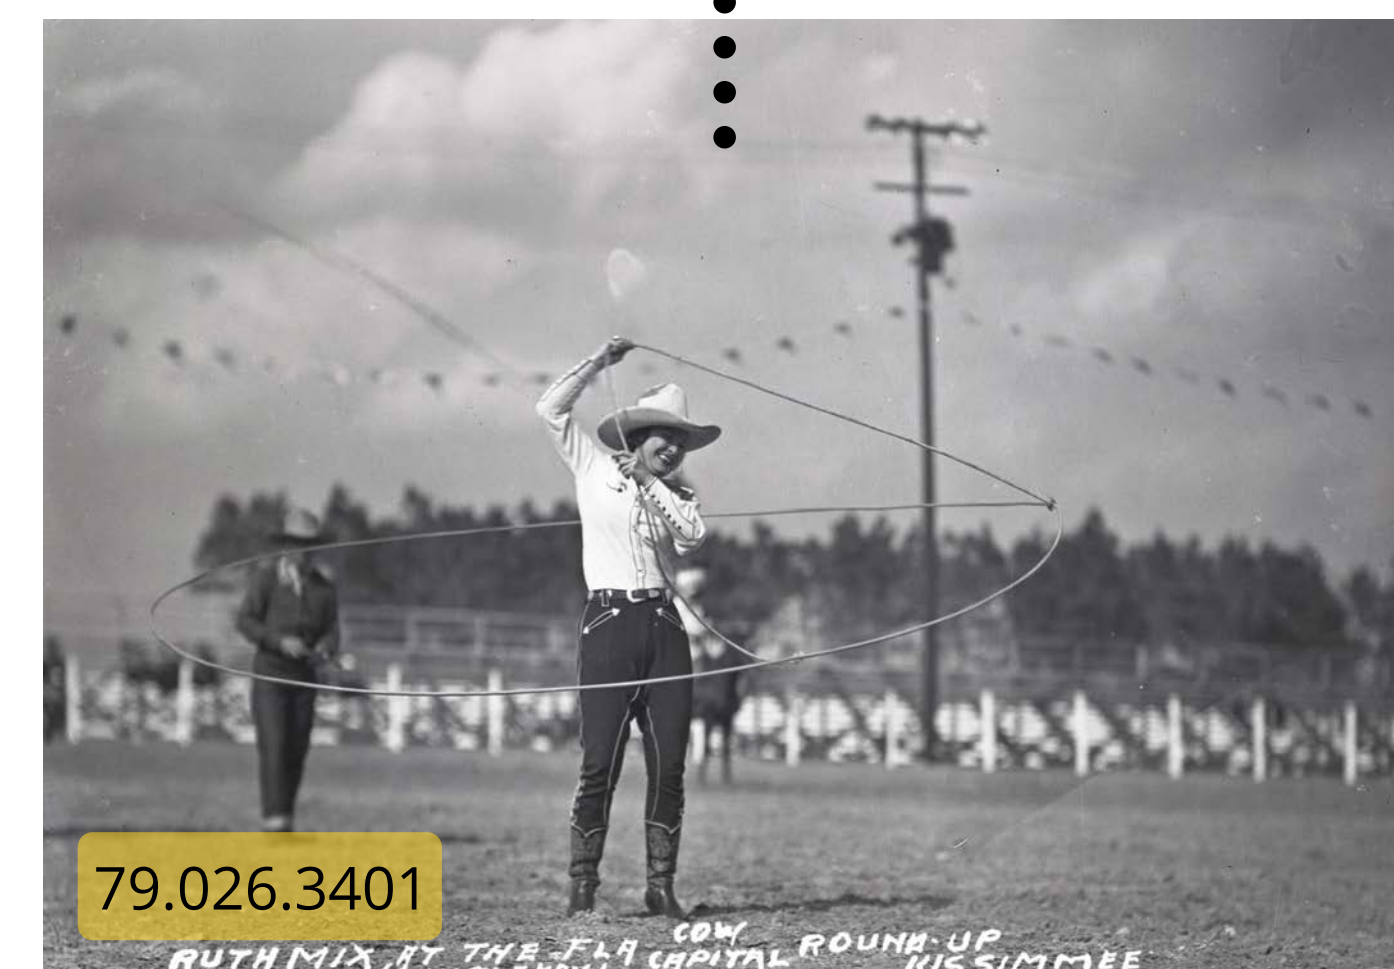

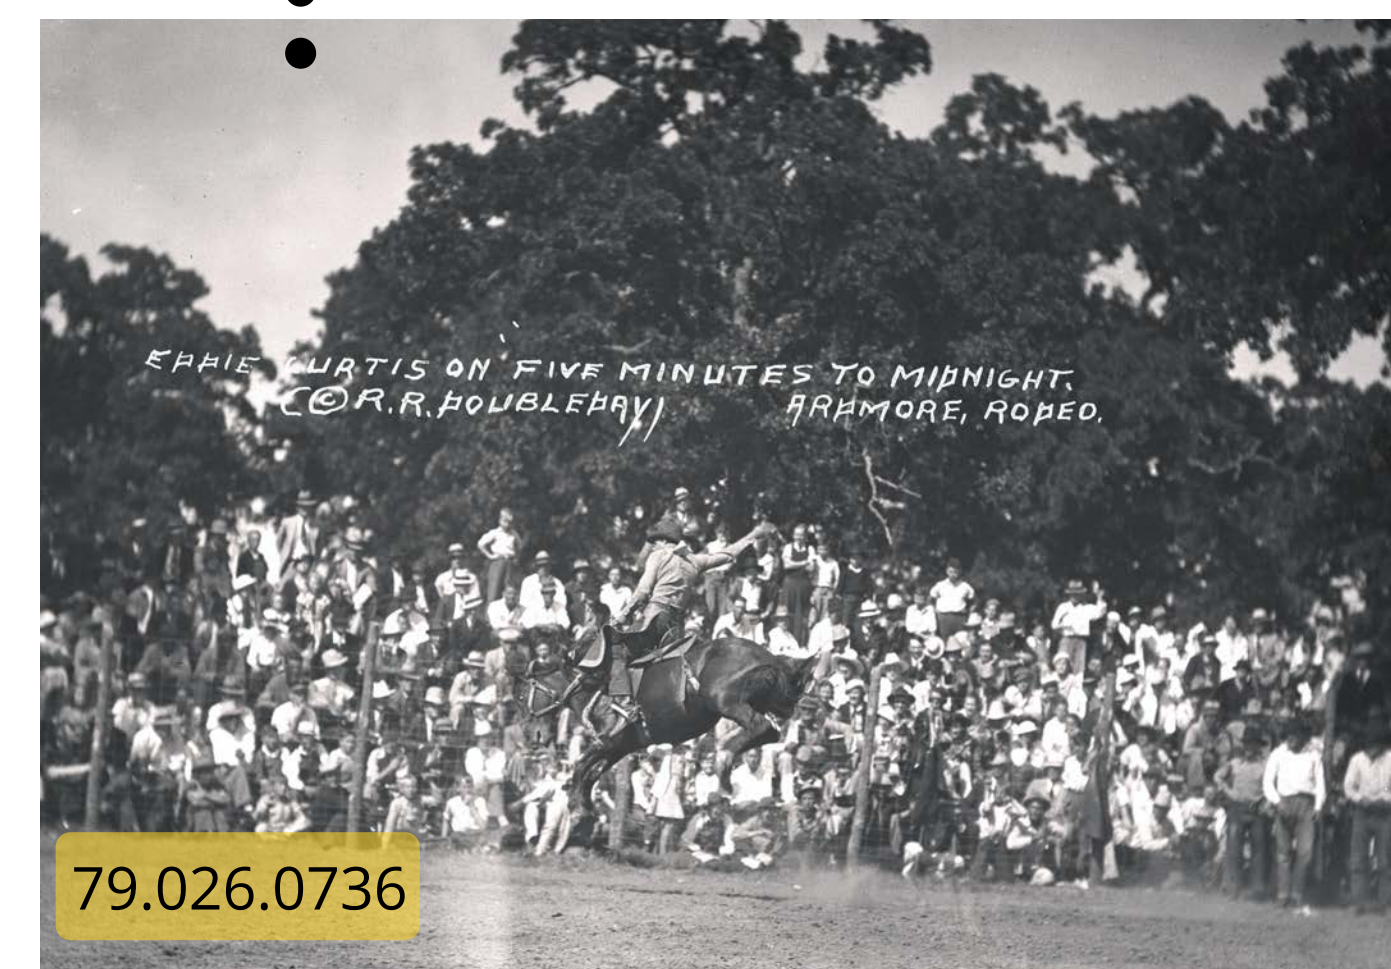

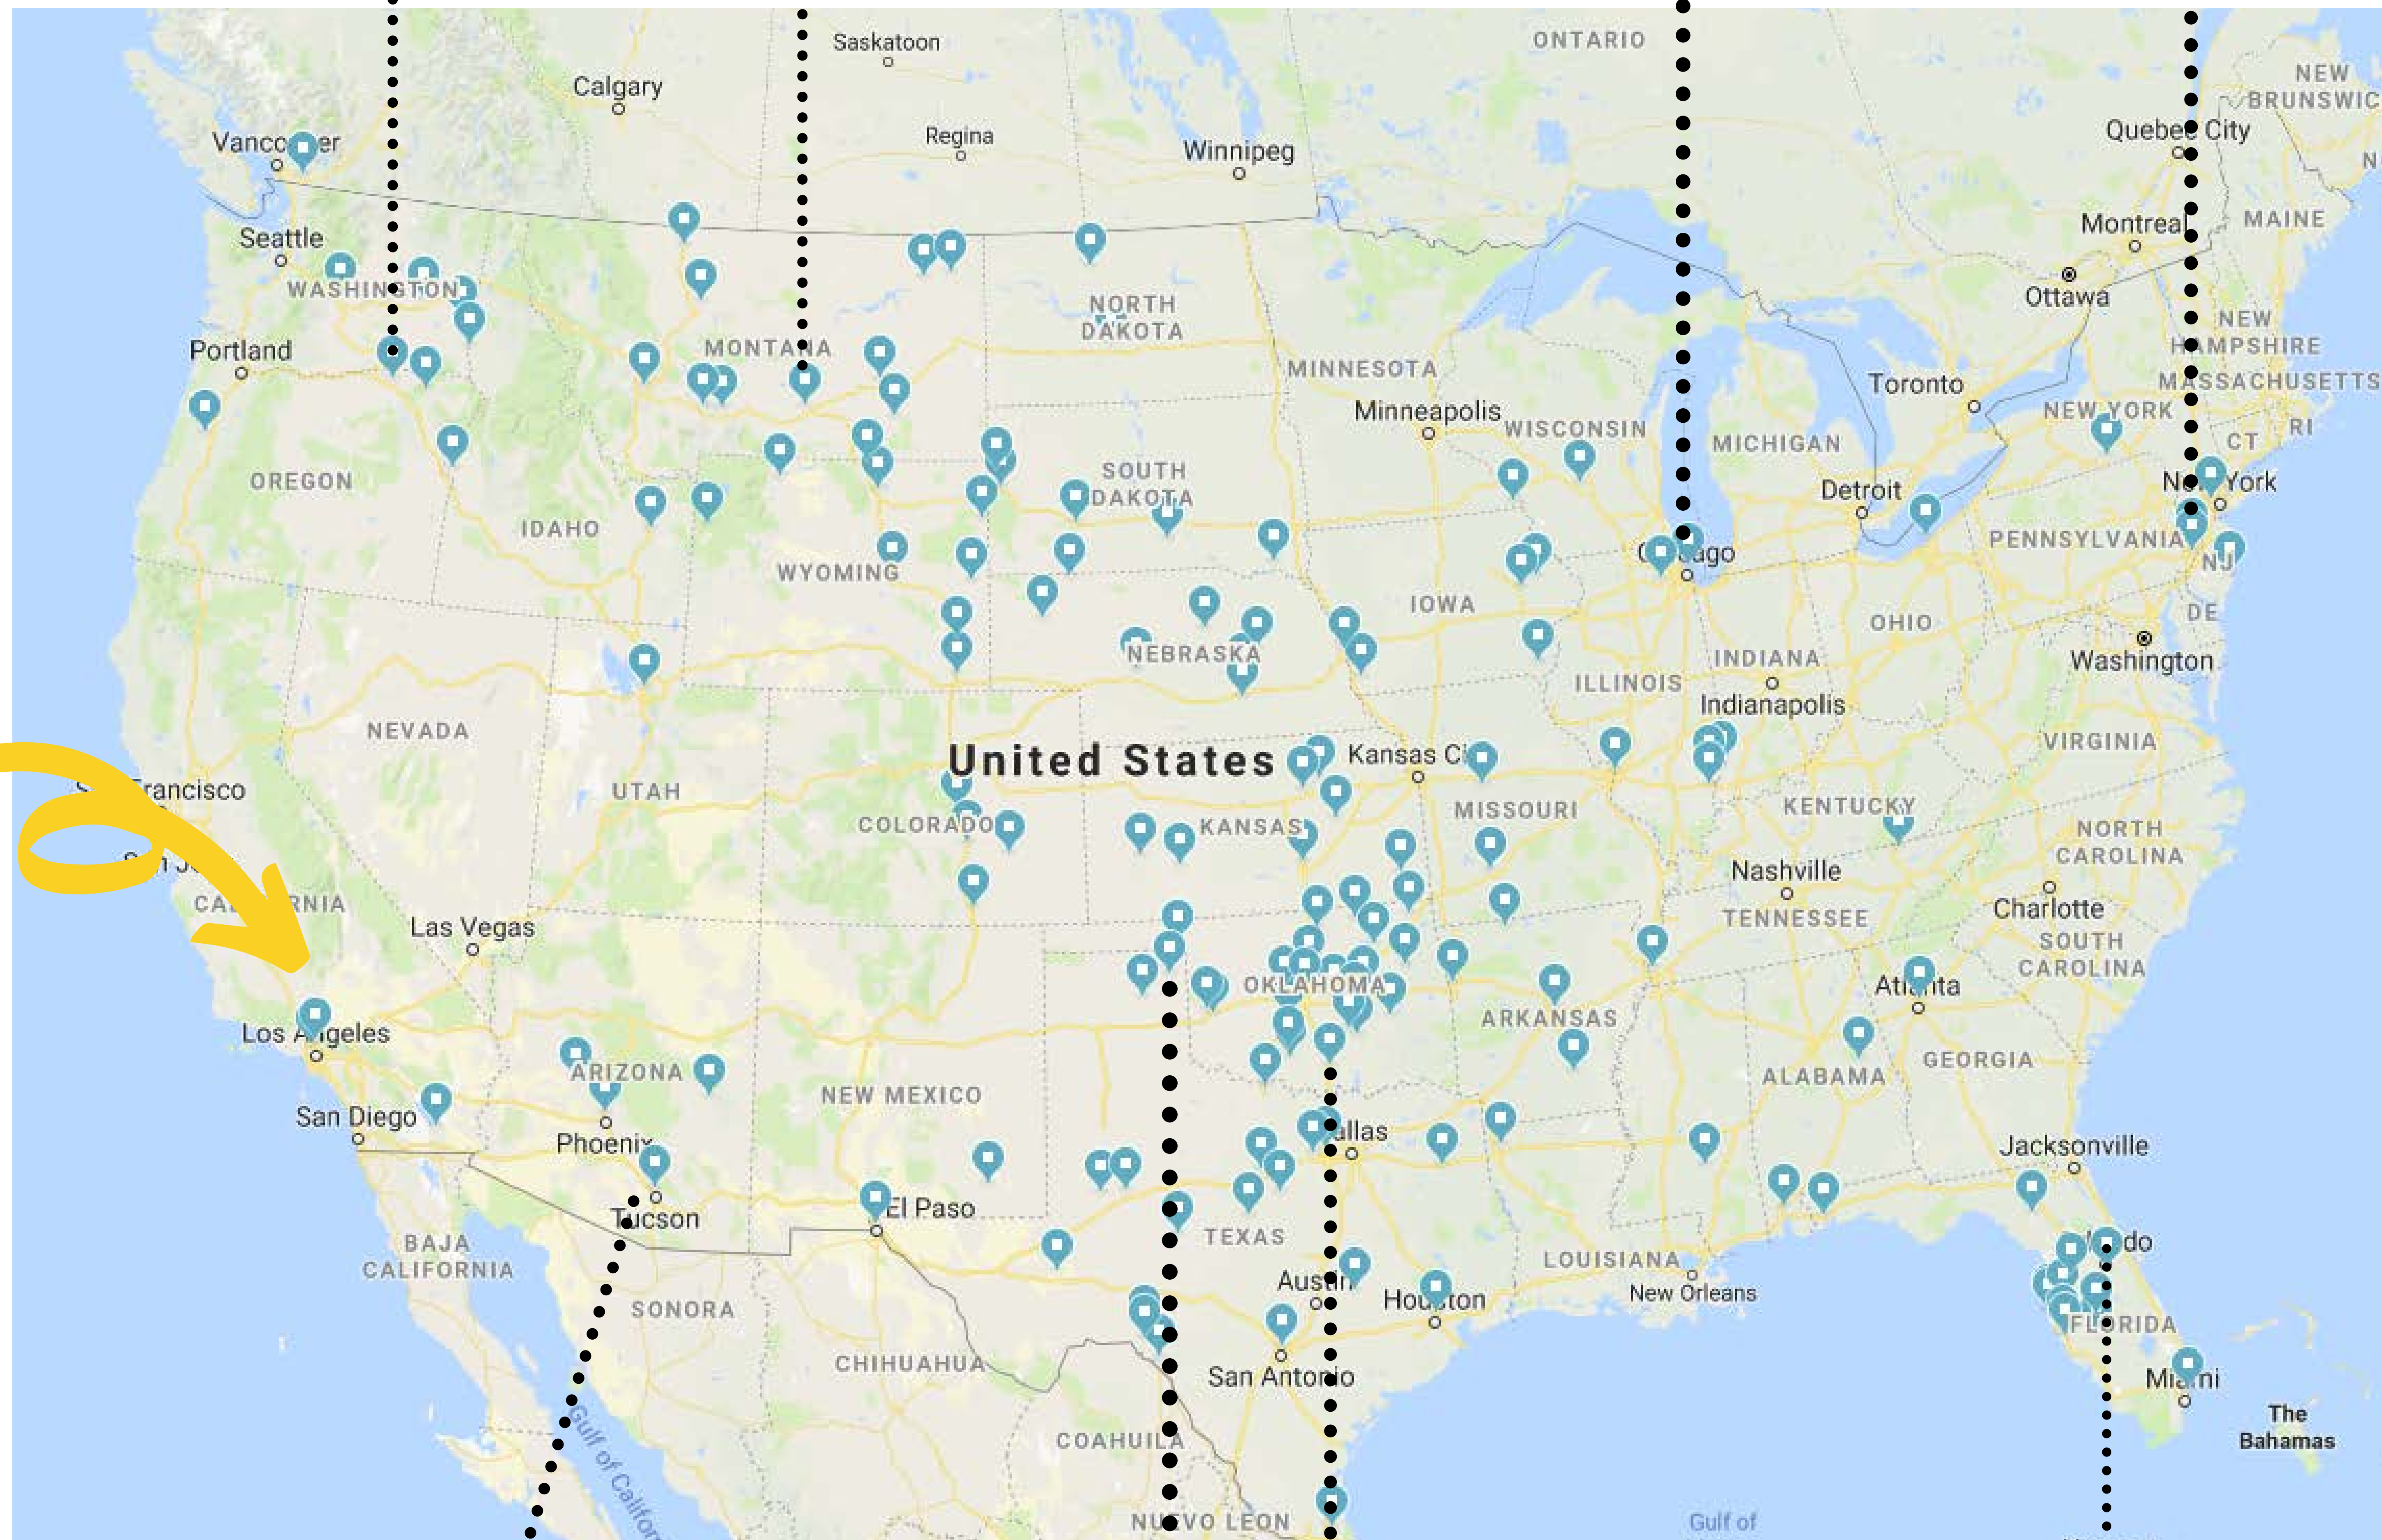

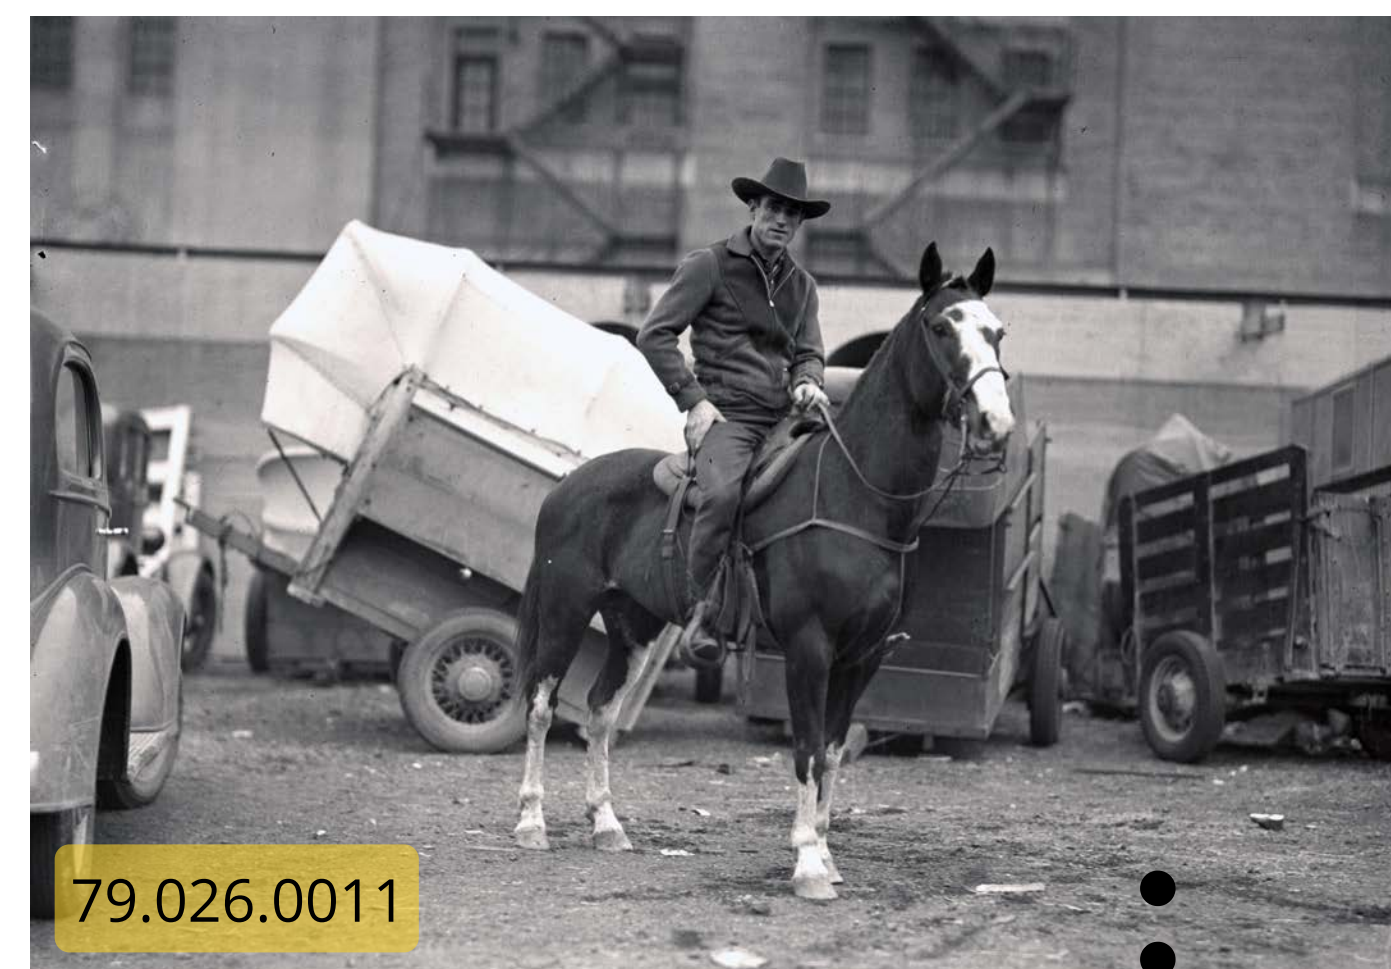

Digital and Institutional Archivist, National Cowboy & Western Heritage Museum

**NATIONAL
COWBOY
& WESTERN HERITAGE
MUSEUM**

By literally mapping out items, archivists can geographically contextualize collections and find connections that might have been previously overlooked.

Google Maps is a free resource, available to anyone with a Gmail account. By saving locations to a list in Maps, users can also view those locations in street view.

- ### Possible Uses
- Broaden accessibility
 - Cross-collection contextualization
 - Expanded metadata
 - Find new locations for possible outreach
 - Create potential marketing to new and/or underserved patrons
 - Online sharing via History Pin
 - Social media
 - Exhibit ideas
